Selection of French press coffee

275

Washed Peru - Sweet, Nutty, Chocolate

Grown at an altitude of 1200-1350 m this coffee is characterised for having a floral aroma, sweet notes, and a full creamy body; well-balanced and complex.

Nicaragua Strictly High Grown - Salted Caramel, Orange, Plum

One of the highest grown coffees of Central America, at over 1250 m, this is a full-bodied coffee with a crisp brightness. Strong chocolate flavours evolve into fruity notes of cherry, orange and plum with a salted caramel sweetness, praline and spicy nuances. A lingering aftertaste with a nutty aroma makes for a great cup.
